Welcome, Refold, Tremont Storefront Incubator Program Winner

The 2019 Tremont Storefront Incubator Program has reviewed a new round of applicants and this year’s winner is Refold, CEO and Cleveland native, Priscilla Florin. So starting May 1st, a new fashion boutique will be open in Tremont West’s incubator space on Professor, but here’s the twist: they’re not selling anything new. Refold, is a special kind of place where you can find deals on stylish and designer apparel, get personally styled and save the world at the same time, because almost everything available for sale is used.

You heard that right: used. At Refold, a curated closet with a mix of professional, stylish, brand name and eccentric fashion will be on display and available for purchase! They seek to serve those in the community looking for a place to find unique and affordable fashion in an inclusive and aesthetic environment. By offering new and gently used fashion for women and females of all walks of life from the brand savvy to eccentric fashion will be on display and available for purchase! It’s a great way to support the local community and reduce waste.

Say Hello to ExperienceTremont.com –
the New Tremont West Website
Enhanced Site Offers Resources for Residents, Businesses and Visitors

The newest portion of the Towpath Trail, which runs directly through Tremont, is scheduled to officially open in mid-July, which will bring with it more foot and bicycle traffic—and more traffic to the Tremont West website. With a renewed focus on Tremont, it was time to overhaul the existing website (TremontWest.org) with a new, more user-friendly site.

Introducing ExperienceTremont.com
ExperienceTremont.com will be unveiled to the community at the Tremont West Annual Membership Meeting on Thursday, May 16. The site will officially go live the following day. The new site features information about the Towpath Trail, an interactive neighborhood map, detailed event listings, including block club and community meetings, a comprehensive business listings highlighting the visitor experience as well as a business directory to make it easy to find professional and hospitality services. The original Tremont West website was created as an organizational site for Tremont West, the non-profit community development corporation. The new site was developed for residents, businesses and neighborhood visitors. You can still find the Tremont West organizational information you need to find, but the new site is a celebration of our community, the only neighborhood in Cleveland to be located on the Ohio and Erie Towpath Trail.

The new site followed the completion of the Tremont Towpath Integration Plan in early 2018. The Tremont West Board of Directors created an ad-hoc committee to manage this plan, chaired by Ann Marie Riley. Other residents joined the committee, including Alexandra Daltio, Brad Hauber of The Right Word marketing communications, Jeffery Buyse and Dick Gray. Working alongside Tremont West Assistant Director Michelle Davis, the committee got to work to complete the plan. The Ohio and Erie Canalway awarded Tremont West a grant to implement some components of the plan. The committee issued two requests for proposals and hired two Tremont firms to get started. Prosper for Purpose was hired to develop content for the new website and digital hub and Grove Design + Marketing was hired to develop the new website.

The committee dedicated many hours to develop this great new community resource. This site was developed to highlight Tremont as the vibrant urban village we all know and love.

Thank you to all of the volunteers and to Lorraine Schuchart of Prosper for Purpose and Jill LeFebvre of Grove Design + Marketing for creating this new community resource. Finally, we need to thank again, Ohio Capital Corporation for Housing for funding the Towpath Integration Plan and the Ohio and Erie Canalway for funding the content development and our new digital hub.

Visit ExperienceTremont.com on Friday, May 17 to check out the new site and please share the site with your friends and family.

Welcome Terrapin Coffee Co. to South Tremont!

The South Tremont Community is very excited to welcome the new businesses of 3146 West 14th Street. In addition to the Tremont Animal Clinic, they welcomed Bon Kitchen in early 2019, where Courtney Bonning has created a scratch bakery, taking online orders two days in advance. With her new business, she wanted to solely run a bakery, but thought the space deserved a cafe. That is when she reached out to Jackson Lang. Jackson Lang has been in the coffee business for 8 years and restaurant business for 5 years. He has always dreamed of having a place of his own.

When asked what made his shop different, he didn’t hesitate to share that he is a musician. He has been playing music in Lorain and Cuyahoga for many years. You will find an upright piano to entertain your friends and family while enjoying a great cup of coffee. It is simple and inclusive.

Terrapin Coffee Co. will be using Solstice Roasters as their bean provider. They are a Cleveland company that has been around for over twenty years.

Please stop by and introduce yourself to Jackson. This is his first time starting out as a small business owner.

Look to future editions of Inside Tremont to learn more about what Urban Orchid has planned for this building. They recently purchased the property.

Statements After an Arrest Under the Immorality Act by Athol Fugard

Set in apartheid South Africa, where relationships across the color bar were a criminal offence, two lovers - a black man and white woman meet secretly in the library where the woman works to make love and share their hopes and fears. An observant neighbor reports them to the police who secretly photographs them from the informant’s backyard and eventually breaks in and arrests the couple under the heartless Immorality Act then in effect. The play is a compelling and deeply moving love story in which the physically and emotionally naked lovers expose their deepest longings for personal and emotional freedom. (Note: this play contains nudity.)

Statements... opens Fri, May 24 and runs Thurs-Sat at 8 pm through June 15 at the Liminis Theater, 2438 Scranton Rd. Tickets available at convergence-continuum.org and 216-687-0074: $20 general admission, $15 seniors (65+) and $10 students. Thursday discount tickets are $15 gen. adm., $12 seniors and $8 students.

Tremonters are admitted free for Thursday shows (May 30, June 6 and 13). Call ahead to make reservations.

Considering Spine Surgery? Know the benefits and limits of lasers.

Laser spine surgery is often promoted as a quick, easy solution for patients with chronic back pain. “Although minimally invasive surgery using a laser is effective for some conditions, it isn’t a miracle cure and isn’t for everyone,” cautions Cleveland Clinic spine surgeon, Gadhviharma Subramaniam, MD. “It’s important to understand the differences between traditional, minimally invasive and laser spine surgery.”

In the traditional “open” approach, the surgeon’s incision goes through the skin to the muscle. Then the surgeon dissects the muscles away from the spine, and has a clear pathway to work on the spine. In a minimally invasive procedure, the surgeon makes a smaller incision and uses microsurgical instruments to tunnel to the site of the pain. Because the muscles aren’t elevated from the spine, there is often less pain and a shorter recovery time.

During laser surgery, lasers are used to remove portions of soft tissue that can compress nerves, such as ligament enlargement or disc herniations. However, there may be complications.

“There is the risk of having an inadequate operation,” explains Dr. Subramaniam.

No matter what life throws at you, we’ve got the care you need, where you need it.

The Scent of Murder launches New Mystery Series Set in Tremont

Author Kylie Logan has published 60 novels, from historical romances to mysteries to young adult horror. Her books have sent readers on adventures in Victorian England, to a historic cemetery where ghosts look for the truth.

“Logan makes a confident stride from cozies into a harder edge story with this solid series launch,” says B. Kirkus, “Although minimally invasive surgery using a laser is effective for some conditions, it isn’t a miracle cure and isn’t for everyone,” cautions Cleveland Clinic spine surgeon, Gadhviharma Subramaniam, MD. “It’s important to understand the differences between traditional, minimally invasive and laser spine surgery.”

The book, a mystery, is the first of a series that introduces readers to Jazz Ramsey whose passion is introducing readers to Jazz Ramsey whose passion is reading, writing, teaching and playing the saxophone.

Kate Carden (candidate for President): If re-elected to serve as TWDC’s Board President, I will continue to work with my neighbors and TWDC to help ensure Tremont remains the diverse, active, safe, and vibrant community we’ve all come to love. I am an ardent advocate for Tremont residents who work for the growth of our community and invested into but see as more than a commodity. Currently residing as Chair of the Mentor-Castle-Old Brooklyn, I’ve noticed—on my daily dog walks—concerns facing Tremont residents like crime, roads, construction, taxes, and economic development. Joining TWDC provides me opportunity to ensure residents’ concerns are heard and resolved. My experiences in higher education and rela

Josh Wright: Election to the Board of Trustees presents the opportunity for me to contribute back to the community that I’ve grown to call home. Currently residing as Chair of the Mentor-Castle-Clark block club, it’s a community I’ve personally invested into but see as more than a commodity. It’s an opportunity for personal growth, sharing the strengths of the individual with the strengths of the organization, and helping to achieve the greater goals of Tremont West Development Corporation.

Tremont Farmers Market
Presents: Launch Pad-Tremont
Farmers' Markets have always been a place where a small business comes to grow. For many it is the first step into the world of marketing and face to face retail. We understand that and we want to encourage it by starting a new program this year called 'Launch Pad - Tremont'.
The Tremont Farmers Market is seeking pre-launch and start up businesses of less than 12 month in business, to participate in the weekly market that is held from May 7th to October 8th 2019 in Tremont's Lincoln Park.
The business will have the opportunity to survey, demonstrate, sample and promote their business to the attendees of Market. The participant will be provided with use of a market tent and table and time 'on stage' to give a short, 5 minute, demonstration or pitch.
There is NO cost to the Launch business. The business may participate only once in the season. If the business would like to continue as a vendor, a special rate will be offered to the business for the rest of the market season.
The Launch business will be selected on uniqueness of ideas and quality of presentation.

Concepts that involve food, (whether a food item or methods of preparing, storing or preserving food) are preferred. But all new businesses are welcome; tools, gadgets, personal items, apps or any sort of 'better mousetrap' is welcome. We want dreamers!
Please contact TFM@tremontwest.org for an application and details.
