MetroHealth Presents the 17th Annual Taste of Tremont

The 17th Annual Taste of Tremont presented by MetroHealth System will take place on Sunday July 21, 2019 from 12:00 PM to 8:00 PM. The street festival will be held in the heart of Tremont’s “restaurant district” and showcase the best of Tremont’s food, art and entertainment. Professor Avenue will be blocked off, inclusive of commercial areas of Literary, College, Jefferson and Starkweather. The best part is that admission is free!!

Tremont is home to the best chefs in the region, an eclectic mix of retail and a rich history and cultural heritage. Taste is an opportunity to showcase our great neighborhood and share with our Cleveland friends why we are proud to be Tremonters! This year promises some exciting culinary “Tastes” (of over 25 food vendors!) including some of Tremont Farmers Market vendors and live music, so plan on spending the day in Tremont and enjoy live music, shopping and sampling the cuisines of all Tremont’s famous restaurants. There will be live entertainment in the Butcher and the Brewer Beer Garden with local music – Duo Decibel System, SLAP and Big Ship playing throughout the afternoon (located at the north end of Professor) and at the Tremont Farmers Market stage (Luca Mundaca, Michelle Gaw, Austin Walkin’ Cane, and David Smeltz) sponsored by Cleveland Water (located at the south end of Professor). Other sponsors include Ward 3 Councilman Kerry McCormack, The Shelley Company, Howard Hanna – Carolyn Bentley, John and Karen Mois, Dollar Bank, Steelyard Commons, Enterprise Community Partners, Metro by T-Mobile, Infinity from Marvin Windows & Doors, Nestle, and Renewal by Andersen.

Saturday, July 6th, 7pm in Lincoln Park

From the chorus’ impassioned plea of “Oh, for a muse of fire!” through Henry’s rousing “Once more into the breach!” to the awkwardly gentle, yet optimistic marriage proposal designed to unite England and France in peace - this beloved and most well known of Shakespeare’s histories is a perfect compliment to your picnic on an early summer evening!
Response to CMSD Decision to Close Tremont Montessori

CEO Gordon:

The Friends of Tremont Montessori, Tremont West Development Corporation and the Tremont community have fought to save Tremont Montessori as a neighborhood asset. In 2011, the Friends of Tremont Montessori (FOTM) began as a group dedicated to keeping a school in the central Tremont neighborhood. Residents and neighbors rallied against the proposal for closing and continued on to support improvements in the school. FOTM has been critical in setting the direction of the school and has been involved in the district’s master planning process and supportive of multiplelevies and school reform initiatives. In 2014-15 FOTM approached local foundations, with support from CMSD administration, to begin a strategic planning process to look at how to transition the school from a public school with Montessori influenced curriculum to a high performing fully accredited public Montessori school. This process also dealt with the facility needs. Throughout this process, the goal of FOTM has been to support CMSD while incrementally moving towards a fully accredited Montessori school that would provide high quality educational outcomes for all students. We were pleased to take part in the hiring process that brought the first Montessori certified educator as Principal to the school. Since that time a number of initiatives have taken place to continue the mission of the school including creating a strong partnership with Stonebrook Montessori (a CMSD sponsored charter). This is an indication of the success of the partnership between the Tremont community, FOTM and CMSD.

The decision to relocate Tremont Montessori is a break in the trust created with the community and CMSD leadership. Hours and hours of planning, years of hard work by community members and Tremont Montessori staff and families, and the leadership of Friends of Tremont Montessori seemingly means very little to CMSD. It is unfortunate that a community that has been supportive of CMSD and worked collaboratively to meet CMSD goals, finds out on cleveland.com about the decision. This is an indication that the people that spent considerable time, talent and treasure to assist Tremont Montessori toward its goal of becoming a high quality public Montessori school, are being discarded because of short-sighted decision making.

We understand that due to financial constraints, difficult decisions were necessary. We also understand that CMSD is using the percentage of children from the neighborhood (17%) as part of the rationale. However, it is important to note that this does not tell the whole story. Tremont is a growing community of young families. The most recent census estimate showed a growth of over 50% in the under 5 population and a growth of over 35% in the 25-34 age group. This data indicates that more families are choosing to live in Tremont. Census estimate showed a growth of over 50% in the under 5 population and a growth of over 35% in the 25-34 age group. This data indicates that more families are choosing to live in Tremont. Tremont Montessori has attracted these families to the pre-K program. Unfortunately, due to the age of the building, lack of continued commitment to investing in the needs of the Montessori program, and uneven leadership over the past few years, the families are not being retained. Additionally, due to our central location, Tremont Montessori has always attracted families from the wider Tremont community. This strengthens the rationale for a new construction high quality public Montessori school in Tremont.

The Tremont community is urging CMSD to reconsider its position. We are open to work with CMSD to ensure a high quality fully accredited public Montessori becomes reality in the Tremont neighborhood. We do not feel the decision to close Tremont Montessori is in the best interest of the current students, the future students, the neighborhood or CMSD. Together, we can build a school that our community, the City of Cleveland and CMSD can be proud of. Sincerely,

Cory Riordan
Tremont West Executive Director

Neighborhood Leadership Development Program Seeks 2019 Applicants

In 2006, the Jack, Joseph and Morton Mandel Foundation, along with former Cleveland Mayor Michael White, established a leadership training program, engaged neighborhood leaders. The Neighborhood Leadership Development Program is a free, 16 session community engagement training program for residents of Cleveland, and its inner ring suburbs, who are working on projects within the City of Cleveland and who are determined to make a positive impact on their communities.

To apply, interested individuals are chosen for the program year. NLDP participants and graduates are a diverse group with many interests who are working on a wide variety of issues to improve life in their communities.

The program will cover topics such as program planning, marketing & communications, program fundraising, conflict resolution and negotiation, community engagement methods and more.

Every NLDP participant and NLDP graduate also has ongoing access to the services of a Program Coach. NLDP coaches give advice and support tailored to the needs of the participant.

The 16 sessions take place on Saturdays at Trinity Commons at 2230 Euclid Avenue beginning August 24. The deadline for applications is AUGUST 5, 2019. For more information, contact k.moore@tremontwest.org or call 216-575-0920 ext 110.

TREMONT HISTORY PROJECT

Interesting Tidbit

“The population of Cleveland in 1810 was only 57.”

“During the summer of 1816 a weather phenomenon occurred in New England in what has become known as “The Year Without a Summer.” During that summer, the weather was cold, frosty, and perhaps even snowy, and summer did not really happen. This event induced folks to begin leaving the Northeast to migrate to the Western Reserve in Ohio. Advertisements touted the Reserve as an earthly paradise —the garden of America. Many viewed it as that. By the summer of 1817 immigration was flowing.”

historical watershed, as part of the Ohio Environmental Protection Agency’s nonpoint source pollution control program. Nonpoint source areas are sources where water flows across the surface into streams and storm drains, bringing with it, pollution from parking lots, roadways, and areas treated with fertilizer and herbicides. Having such plans enables communities and organizations eligible for state and federal funding to implement projects to improve water quality, reduce flooding and conserve greenspace.

CUYAHOGA RIVER PLANNERS SEEK PUBLIC INPUT FOR WATERSHEDS IN CLEVELAND

On two dates in July, the public is invited to voice concerns about stormwater running to the Cuyahoga River from the now buried streams of Burke Branch, Kingsbury Run, Morgan/Morgana Run and Walworth Run. Rainwater, as surface runoff, reaches the historical streams after traveling across acres of sealed pavement and entering storm drains and catch basins. Such conditions lead to polluted stormwater, flooded basements, and basins, and loss of natural habitat.

Local watershed organizations are assembling a plan to improve stormwater quality in the buried stream neighborhoods and need a comprehensive overview of conditions. Local residents have variable knowledge of locales prone to flooding and those significant for enhancing greenspace. The area of interest covers portions of Cleveland, Cuyahoga Heights, Newburgh Heights, Shaker Heights, and Warrensville Heights. Input is sought from community residents, businesses, and local leaders. All are encouraged to attend.

Open houses will be held from 6:30pm to 8:30pm, with a short presentation at 7:00pm, at the following locations:

- Tuesday, July 9 – Pilgrim Congregational United Church of Christ
  2592 W.14th St, Cleveland OH 44113
- Tuesday, July 16 – Boys and Girls Clubs of Cleveland
  6114 Broadway Avenue, Cleveland, OH 44142

Please RSVP by calling Laura Bonnell at 440-975-3870 x1002 or emailing lbonnell@crwp.org. Input may also be provided through an online survey at crwp.org/index.php/projects/watershed-plans.

Public input will help create a Nonpoint Source Implementation Strategy (NPS-IS) Plan for this historical watershed, as part of the Ohio Environmental Protection Agency’s nonpoint source pollution control program. Tremont residents and visitors may recall a nondescript wood fence at College and Professor that periodically became a window into our neighborhood’s past. On the second Friday of each summer month, patrons of Walkabout Tremont could peruse a dozen line-art images featuring neighborhood street scenes from roughly 140 years ago.

In July 2019, Tremont history will become a lot more prominent. The TWDC Arts Committee (in cooperation with Tremont History Project and FirstEnergy, which owns the fence) will mount a permanent display of roughly 45 artist impressions of bygone Tremont. Every piece in the Tremont Art + History collection was created between 1862 and 1950. Bolted to the newly-painted fence, they’ll include digital reproductions of line-art images, water colors, oils, collages and even old postcards—all designed for 24/7, 12-month (weather-proof and graffiti-proof) exposure.

In the near future, the Arts Committee hopes to grow this outdoor museum with an additional section that features views of Tremont by contemporary local artists. Plans also are underway to install lighting. We hope everyone will stop by and enjoy this new celebration of our special neighborhood.
Inside Tremont

Convergence-continuum presents the Ohio premiere of Tom at the Farm by Michel Marc Bouchard, opening Friday, July 12 and running through August 3. This intense psycho-sexual thriller is the third production in con-con’s 2019 Star-Crossed Season.

After the sudden death of his lover, Tom travels from the city to a remote farm for the funeral, and finds a religious family who know nothing of his existence. There at the farm, Tom is threatened by his deceased boyfriend’s brother and is drawn into a brutal, sexually-charged game.

Tom at the Farm opening Fri, July 12 and runs Thurs-Sat at 8 pm through August 3 at the Liminis Theater, 2438 Scranton Rd. Tickets, available at convergence-continuum.org and 216-687-0074, are $20 general admission, $15 seniors (65+) and $10 students. Thursday discount tickets are $15 gen. adm., $12 seniors and $8 students.

Tremonters are admitted free for Thursday shows (July 18 and 25. Aug 1). Call ahead to make reservations.

Convergence-continuum’s production of TOM AT THE FARM is supported in part by the residents of Cuyahoga County through a public grant from Cuyahoga Arts & Culture.

Sandy Smith gave a brief update of the very successful Tremont West Fall Festival held on Saturday, October 19th. The next Tremont Speaks program is September 17th, 6:30pm at Forest City Brewery! The nine bars in Tremont and Ohio City made a request for the city to discuss the lack of a ramp at the cul-de-sac by the bridge at W 11th. Members of the block club are waiting to hear back from Sherwin Williams about the condition of the bridge to see if they can agree to resurface the bridge. Lastly, Sandy Smith reported on the very successful Tremont Arts & Cultural Festival for the public is free. There are 5 “villages” which comprise the Festival: Juried Artists, Community, Cultural, Special Interest, and Business. The Festival’s focus has always been on diversity; however, this series is about populations of artists. Of Note: this will be the second year for the special four-year series entitled “Of Note: the History of LGBT Art in CLE & NE Ohio” this year’s spotlight will be on LGBT artists. A Community Meeting, Tues. July 16th; Tremont Speaks – co-Chair, Jenny Rodriguez at jrodriguez@brandes.us or Scott Rosenstein (ScottRosenstein@tremontwest.org) – will discuss the Duck Island Green Space (DIGS) committee. Results – passed. Meeting was adjourned at 9:32pm.
